Chet:

I suspect you are in meetings all day today but wanted to let you know that I spoke with Janet about this yesterday and Sarah talked to Gina as well. [REDACTED]

[REDACTED] ake sense to you? Just wanted to make sure you and I are on the same page.

I also have some info from Rick that may be of interest that you and I can discuss later next week (i.e., which of the other CASTNET ozone monitors show concentrations above 75 ppb).

Thanks,  
Reid

Chet – happy to do it. So, with Becky's terse response in mind, are there times tomorrow or Wednesday morning that work for you? Looking at Reid's schedule, here are some times that work for both of us (R7 is one hour early, right?)

Tuesday  
9-9:30  
11-12

Wednesday  
9:30-10  
12-1 (this might work if R7 is an hour earlier than us)

Becky,  
Reid Harvey asked me to schedule a time this week when you, Josh, Reid, and Chet could discuss the Konza Prairie monitoring site. Both Reid and Chet are available on Wednesday (3/20) from 2-2:30. If that time works for both you and Josh, I will send a scheduler.

Thanks
